

Ready, Action: Several scenes from the upcoming Hollywood movie "Brutal Justus" were filmed recently at the Sac and Fox Nation Rodeo Grounds. Can you spot the "Stars"? (SFN staff photo)

BHHC Pharmacy Refill Policy and Procedure

When refills are needed and the patient has less than 25% of medicine left, the patient or representative can bring a list of prescriptions wanted to the pharmacy or call on the refill line. The patient must be specific on which medications they are requesting to be refilled. Requests like "all of my medications" or "what I got last time" are not very precise and if used, the Pharmacy staff cannot be sure what is being requested. If such terminology is used, the patient is responsible for checking the medicine when it is picked up to see if the refill is complete. The patient or representative may bring or fax a list using prescription numbers or drug names to the pharmacy or bring the bottles of the medication to be refilled.

Patients that are out of medication for chronic medical conditions such as diabetes, hypertension, etc. can obtain refills until their next appointment as long as the following criteria are met:

- The patient has received the medication within the last 90 days.
- It is the first time the patient has

rescheduled/missed as appointment.

Pharmacy is only allowed to give a "refill to appointment" once. If the patient reschedules a second time, they will have to sign in as a "work-in" and their records must be reviewed by the nurse/provider.

Each prescription label has a days supply indicated. Prescriptions may not be refilled sooner than 75% of the days supply.

Refills called in on the refill line should be given 48 hours before being picked up. As the number of prescriptions increases, the pharmacy will require a 48 hour wait time for all refills (whether brought to the pharmacy or called in).

Prescriptions written by a consultant physician (and the patient was referred to that physician by a provider from this facility) may be filled if the medicine is normally stocked in this pharmacy or the drug may be substituted with a similar medication with consent of the referring provider. If medication cannot be provided, the patient will be informed and advised to purchase the medication.
