SFN Members meeting to consider new issues which Governing Council needs to decide at the annual meeting

We Sac and Fox Nation tribal members need to inform ourselves about several issues before we can develop an investment plan which requires Governing Council approval. Council will have new responsibilities, and we need to prepare ourselves as quickly as possible to be ready to act at the annual meeting.

The initial meeting of interested tribal members will be held at the Multipurpose Building in Shawnee on Wednesday, May 13 beginning promptly at 1 p.m. so please come early.

The information presented will not be technical, and discussion will focus on 3 topics only.

1. What is a permanent trust fund? What are the advantages and disadvantages for SFN tribal members, B.C. and staff?

2. What will be Governing Council's

oversight responsibility? How can we use the experience of the former SFN investment committee?

3. How have other tribes handled this oversight requirement? What should we do first?

All interested tribal members are welcome and urged to attend. No prior preparation or experience is needed.

Although these will be non-political meetings every candidate and everyone considering filing for B.C. position is especially encouraged to attend to learn along with us what changes are required.

Again since this will be a non-political group working for the long-term benefit of the Nation the clan chiefs are invited to attend or send representatives.

Tax Exemption for American Indians and Alaska Natives

Don Whitehead, Health Services Director

Starting in 2014, every person needs to have health coverage or make a payment on their federal income tax return called the "shared responsibility payment." Some people are exempt from making this payment. As a member of an Indian tribe, you can ask the Internal Revenue Service (IRS) for this exemption before you file your federal income tax return. You don't need to ask for an exemption if you're not going to file a federal income tax return because your income is below the filing threshold. If you're not sure, you may want to ask for an exemption.

If you get this exemption, you can keep it for future years without submitting another application if your membership or eligibility for services from an Indian health care provider remains unchanged. You can use one application to apply for this exemption for more than one person in your tax household.

You will need documents showing tribal membership or eligibility for services from the Indian Health Service, a tribal health care provider, or a urban Indian health care provider, your Social Security numbers (SSNs), if you have them, and Information about people in your tax household. We ask for Social Security number and other information to make sure your exemption is counted when you file your federal income tax return. All the information you give will be kept private and secure, as required by law.

Your documentation, completed and signed application must be sent to the address below. They will follow-up with you within 1-2 weeks and let you know if they need additional information. If you get this exemption, they will give you an Exemption Certificate Number that you'll put on your federal income tax return. If you don't hear from them, visit [HealthCare.gov](#), or call the Health Insurance Marketplace Help Center at 1-800-318-296
