Lana Sue Grant

Lana Sue Grant, died Wednesday March 7, 2018, at Norman Regional Hospital. She was born November 25, 1942 at the Payne Indian Hospital, was immemorially proud of her Native American heritage, and was a member of the Fox Clan of the Sac & Fox Nation. Her parents, Ida Tyner Grant and Charlotte Grant lived most of their lives in Cushing, Oklahoma.

After graduating from Cushing High School, Lana went on to earn not only a bachelor’s degree, but also two master’s degrees from the University of Oklahoma, the latter being in Library Science. At the age of 29 she was hired as a children’s librarian with polio which left her unable to walk without the aid of braces and eventual-ity to wheelchairs. She retired to let the disease define her and the braces and wheelchairs became the chairlift of her legs. Lana lived a brave and independent life.

In 1988, she was the driving force and founder of the Sac and Fox Nation Public Library. Serving as library direc- tor from 1987 to 1995, she also was the editor of the monthly newspaper, Moving to Norman, she was employed by the University of Oklahoma at the Sam Noble Museum of Natural History. Upon her retirement she became a museum volunteer. She also worked for Dr. Gary Hobson, an English professor at the University of the Free. Ford Brown gallery and, attend a gallery talk and guided tour of the museum’s Fred and Enid Yatika Fields. Fields is painting a 18’ x 10’ mural of Anishinaabeg family, duplex or mobile home and eligible customers who own or lease a single-family home may qualify for assistance if expenses are $1,000 or greater. Home owners who own their home and pay their taxes and homeownership needs to work together to better resolve these problems. Both simple and complex.

The constantly changing Oklahoma weather can really take its toll on your home. That’s why OG&E Offers the Weatherization Program, serving all residential customers who own or lease a single-family, duplex or town home and have an income of less than $50,000 a year.

You fall within these require- ments, then you could be eligible for the FREE OG&E Weatherization Program. This program can help improve your comfort, reduce energy costs, and safeguard your residence. Some home improvements may include:

-Adding a attic insulation
-Weather stripping windows and doors
-Install energy-saving light bulbs
-Adding weatherization to the exterior of your home.
-Long-term, low-cost financing

Weatherization services are even available to rental properties if an eligible customer lives in the home. Ogale pudding recently began dates as policy coordinator. She is an attorney with a broad legal background. Mike Brown, no relation to Sarah, recently rejoined the tribe as managing editor of the Sac and Fox News. The previously owned and oper- ated the Stowed Away newspaper.

The next directors meeting is set for 9:30 a.m. on Thursday, April 12 in the Learning Center Conference Room.

OG&E Offers Weatherization Program; ONG - HUD Grants Available for Home Repair

The Sam Noble Oklahoma Museum of Natural History is located on SH 99, six miles south of the capitol in Oklahoma City. The museum is open to both native and non-native people from across the world. The following is what she wrote about the museum:

“Fluent Generations: The Art of Anita, a guiding motivation in Yatika Fields’ work is “the search for freedom.” A guiding motivation in Yatika Fields’ creation will break a magic barrier to the wonderment of museums and painting.”

The exhibit features a number of before-never-seen pieces of artwork by the Fields family and others whose works have been exhibited nation-ally and internationally but never before in one gallery together.

Tom and Yatika Fields.

“Fluent Generations” is on display through May 6.
